RESOURCES

Sta Life Framework

STA Perform develops and adopts best practice tools, and procedures for business and social enterprises. STA (Set To Achieve) framework is our innovative tool to finding balance between personal and professional life in order to be a highly effective leader who leaves a lasting legacy.

Overview

The challenge of self-leadership and effective personal life faces every person. The STA framework is a dynamic career development and self-leadership guide that comes with corresponding skills, tools and materials for achieving life full capacity. It also enhances the mastery of the whole person by uniquely addressing the full range of personal development issues.
